Go, shine in  
the world

Dear Parents and Carers,

We have many visits coming up this term to enrich the curriculum that children are learning —please have a look at the ‘Important dates for your diary’ overleaf to find out more about the trips for the first half of the Summer term.

Please also make a note of other events which are planned for the Summer term, including Sports Days.

With best wishes, Mr Withers (Head of School) and Mr Webb (Executive Headteacher)

## Science - Year 4 - Visit to Hampstead Heath

Year 4 visited Hampstead Heath to take part in a workshop learning to classify invertebrates by their characteristics. The children explored Hampstead Heath with a hands-on bug-hunt and then learnt how different insects could be classified into different groups.

## Camden ‘Moving On’ Secondary School Event

Parents of children in primary school years 4 and 5 are invited to the Camden Moving On to Secondary School Event on Thursday 23rd June 2026, with timed slots available from 4pm to 6.30pm.

**Secondary Schools  
in Camden 2026**

This free in-person event at the London Irish Centre, Camden Square (NW1 9XB) , is a great opportunity to:

- Receive advice on how to apply for a Year 7 place for September 2027 from the Camden Admissions Team
- Find out more about what Camden secondary schools have to offer your child
- Speak with headteachers, student ambassadors and staff from Camden secondary schools.

This is a timed ticket event, so please make sure you arrive for the time you have booked. Free tickets are available on Eventbrite website, search: ‘Camden Moving On’.

I have received and read the St George the Martyr CE Primary School newsletter of 24.04.2026

## **Attendance...**

A huge congratulations to **Year 1** for having the **BEST ATTENDANCE** this week with 98%.

Our attendance bear, George, will live in the Year 1 classroom next week.  
*Well done Year 1!*

## **Coffee Morning**

Thank you to the parents that attended the coffee morning this week.

The focus this week was on how we teach maths at St George the Martyr and the ways parents can support with maths learning at home. Please find some top tips that were discussed at the coffee morning below:

- Focus on the basic foundation skills with your child. For example, number sentences that add up to 10, 20 and 100 as well as times tables practice.
- Practising this foundational knowledge little and often. Encourage your child to be in a routine of regularly practising their times tables or number bonds for a small amount of time each day.
- Don't confuse your child by teaching them the method that you as a parent learnt at school, if it is different from the method taught at St George the Martyr. Instead, ask your child to explain how they have been taught to solve a maths problem.

## **Work of the Week...**

Every week, a great piece of children's work is showcased in the school lobby.

This week in History lessons, Year 1 have been learning to compare old and modern buildings.

Evie did an excellent job of identifying key features of buildings that helped her compare whether they were old or modern, and was able to write clear sentences that explained her comparisons. Evie was also able to write a thoughtful sentence explaining the type of building she prefers and why.

*Well done, Evie! Thank you for sharing your wonderful work with us!*

## **Don't let a little worry turn into a big one...**

If you or your child are worried about something or have any questions, please phone the school office and book an appointment to see their class teacher, Mr Withers or Mr Peters.

**We are always really pleased to meet with you and chat things through.**

### Summary

Dive into a textile workshop adventure where you'll dye, print, quilt, and sew your own creations inspired by plants, ecology, and biodiversity. Design and carve your own lino prints to make unique fabrics, then turn them into a quilted Japanese-style gile (waistcoat) you can actually wear. This is a hands-on, creative experience perfect for young people interested in art, fashion and textiles.

This project is being led by Katharine Gorham, a professional artist from Cockpit Arts, who creates bold fabric prints inspired by plants and nature, using hand-printing techniques, natural materials, and colour. Her work explores how shapes, textures, and patterns from nature can be transformed into exciting designs, while raising awareness about protecting the environment.

## LET'S PRAY

Dear God,  
Thank you for this week,  
For all the things we've learned, for friends who made us smile,  
And teachers who showed us how.  
Thank you for our play and fun,  
Please bless us through the weekend, and keep us safe in every way.  
Amen.
